

Sedgefield Middle School Summer Service Learning Projects

--Spartans--

Learning to lead and serve is a factor that we strive to integrate at Sedgefield Middle School. This summer we are encouraging students to serve within their community and city. Find ways to connect to our community and city- take photographs of the opportunity and reflect on why this project matters to your student and family. Throughout the summer, as projects are completed, share a brief description and photos with Dr. Tornfelt, Ms. Eldridge or Mrs. Pierce. We will share with our community through social media outlets. During the back to school window, we will hold a Spartan Showcase to allow students to see all projects completed during the summer.

If you have further questions do not hesitate to reach out to Dr. Tornfelt, Ms. Eldridge and/or Mrs. Pierce
